Attention: Regarding Sacking Andrew Colvin  
Australian Federal Police Commissioner

Subject: Sacking The Commissioner

Dear Mr. Dutton

Today I am writing to you and asking you sack this Police Commissioner for covering up a case of Terrorism and corruptly burying it.

I have written to the Police Commissioner a few times now and he refuses to reply back, instead choosing to ignore me and my letters.

Is there some reason he is ignoring my letters?

What have I done wrong?

I write and report a case of State Sponsor Terrorism and name some of the players involved in this case which include the ASIO Director General, Tasmanian Premier and Tasmanian Police Commissioner all at the time.

And this corrupt Federal Police Commissioner now is covering up their crimes, refuses to write back to me and advise what he will be doing about the situation.

Please find enclosed letters written to him.

This is utter corruption of the highest level that a Government can sanction a Terrorist Attack against their own people using their own Police, Military and Intelligence Agencies and then the Federal Police Commissioner covers up their crimes committed.

Refuses to investigate, charge and prosecute the people involved, he stands as guilty as some of these people mentioned in my letters for covering up their Terrorist involvement.

Yours truly

Lloyd T Vance
